What’s new?

- 52 new books were purchased last month for the Faculty of Health & Behavioural Sciences. To view the titles select the New books link on the Library’s homepage at www.library.uow.edu.au.
- A dictionary of public health by John M. Last is available online - click on the title.

Try the database Synergy

Synergy covers public health, nutrition, psychology and medicine. Select an Advanced search and search without the need for Boolean connector words (AND, OR) – simply list the words you want to appear in, for example, the abstract.

It also allows you to apply further search limits and keep up-to-date with new journal articles via email alerts.

Additional Health & Behavioural Sciences databases can be found on the Databases page under the By Faculty link on the Library website.

E-books for Health & Behavioural Sciences

Is the book you want out on loan? Why not try an e-book? A number of titles are available, for instance:

| Title: Evidence-based psychotherapy: where practice and research meet (This title can only be opened using the browser Internet Explorer) |
| Editors: Carol D. Goodheart, Alan E. Kazdin, Robert J. Sternberg |
| Publisher: Washington, DC : American Psychological Association, c2006 |

To find similar material use the Catalogue Keyword search function. Type in your keywords, eg ‘evidence-based’ and ‘psychotherapy’, and select ‘EBOOK’ from the dropdown menu beside Material Type.

Hints and tips

Postgraduate students and staff

Keep up-to-date with what's new in your research field by setting up email alerts in the various Health & Behavioural Sciences databases. For assistance, please contact the HBS Faculty Librarian, Alison Betts by phone on 02 4221 3536 or email abetts@uow.edu.au
